Applicants respectfully request that the filing receipt (a copy of which is attached) be corrected in order to correct the filing date of the provisional application from which domestic priority is claimed.

The filing receipt indicates in the "Domestic Priority data as claimed by applicant" section that "This appln claims benefit of 60/442,309 01/24/2003" and that "Data provided by applicant is not consistent with PTO records.". Please note that page 1, paragraph [0001] of the specification, the first page of the application transmittal letter which was filed on October 30, 2003 and the executed Declaration submitted to the PTO via first class mail on April 6, 2004 all indicate that this application claims priority to provisional application serial number 60/442,309, filed October 30, 2002. Per the attached copy of the filing receipt issued by the U.S. Patent and Trademark Office on November 21, 2002, in the parent provisional application, please note that the filing date information *is* consistent with PTO records.

Accordingly, please correct the "Domestic Priority data as claimed by applicant" section as follows:

**-- This appln claims benefit of 60/442,309 10/30/2002 -- .**

Please issue a corrected filing receipt as requested above. If any fees are due they should be charged to Kenyon & Kenyon Deposit Account No. 11-0600.

Title 37, Code of Federal Regulations, 5.11 & 5.15**

**GRANTED**

The applicant has been granted a license under 35 U.S.C. 184, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" followed by a date appears on this form. Such licenses are issued in all applications where the conditions for issuance of a license have been met, regardless of whether or not a license may be required as set forth in 37 CFR 5.15. The scope and limitations of this license are set forth in 37 CFR 5.15(a) unless an earlier license has been issued under 37 CFR 5.15(b). The license is subject to revocation upon written notification. The date indicated is the effective date of the license, unless an earlier license of similar scope has been granted under 37 CFR 5.13 or 5.14.

This license is to be retained by the licensee and may be used at any time on or after the effective date thereof unless it is revoked. This license is automatically transferred to any related applications(s) filed under 37 CFR 1.53(d). This license is not retroactive.

The grant of a license does not in any way lessen the responsibility of a licensee for the security of the subject matter as imposed by any Government contract or the provisions of existing laws relating to espionage and the national security or the export of technical data. Licensees should apprise themselves of current regulations especially with respect to certain countries, of other agencies, particularly the Office of Defense Trade Controls, Department of State (with respect to Arms, Munitions and Implements of War (22 CFR 121-128)); the Office of Export Administration, Department of Commerce (15 CFR 370.10 (j)); the Office of Foreign Assets Control, Department of Treasury (31 CFR Parts 500+) and the Department of Energy.

**NOT GRANTED**

No license under 35 U.S.C. 184 has been granted at this time, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" DOES NOT appear on this form. Applicant may still petition for a license under 37 CFR 5.12, if a license is desired before the expiration of 6 months from the filing date of the application. If 6 months has lapsed from the filing date of this application and the licensee has not received any indication of a secrecy order under 35 U.S.C. 181, the licensee may foreign file the application pursuant to 37 CFR 5.15(b).
